The Stunning Venue

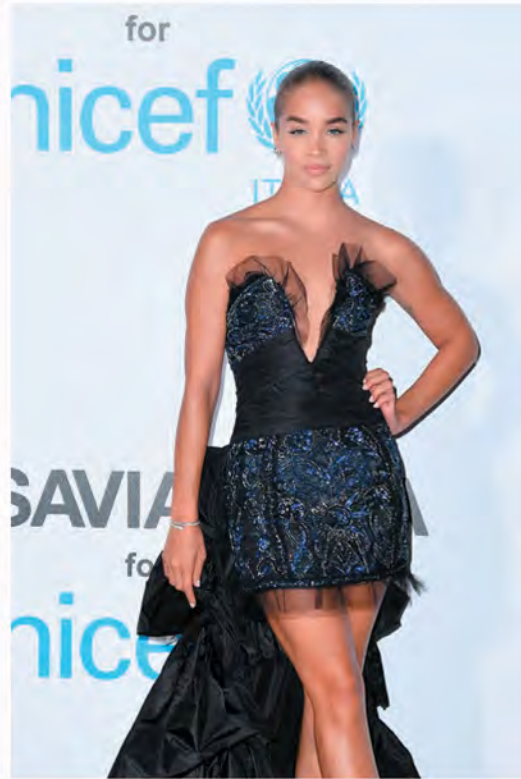

Working with the team behind some of the world's most successful and high-profile fundraisers (among them amfAR's Cannes event, The Prince Albert II of Monaco Monte Carlo Gala, The Leonardo DiCaprio Foundation St. Tropez Gala and Elton John's Oscars event), UNICEF will call upon their star-studded list of Goodwill Ambassadors to support and take part in the gala. OUR GOAL

In today's world, children face many dangers.

Children in every country are threatened by violence, exploitation, malnutrition, diseases, yet the poorest and most marginalized children face the greatest risks and are least likely to be protected by their societies.

Wherever and whenever children are in need, UNICEF staff is on the ground, providing immediate, life-saving care and supplies, psychological support as well as lasting support to help children and also their families rebuild their lives.

The funds raised will help UNICEF make the invisible children, visible.

UNICEF has been working to put children first, in 190 countries and territories for more than 70 years. It aims to improve the lives of children and their families because it believes that all children have the right to survive, thrive and fulfill their potential – to the benefit of a better world.

UNICEF Italy supports UNICEF's work and programs for the world's children, through fundraising, advocacy and education in Italy. It works with governments, civic leaders, celebrities, corporations, teachers, communities and anyone willing to help UNICEF advocate for the survival and well-being of every child.
